### D-COPIA 3500MF PLUS

|  |                                     |
|--|-------------------------------------|
| Power requirements                                 | 220-240 Volt, 50/60 Hz              |
| Rated Current                                      | 7,2A                                |
| Power consumption (Max.)                           | 1800 W                              |
| Power consumption (Printing)                       | 660W                                |
| Power consumption (Off mode)                       | 1,8W                                |
| Power consumption (Power saving mode)              | 170W                                |
| Power consumption (Off mode)                       | 0,1W                                |
| TEC (Typical Electricity Consumption)              | 2,527 kWh/week                      |
| Power consumption in networked stand-by - Ethernet | 1,6W                                |
| Power consumption in networked stand-by            | 1,6W                                |
| Networked stand-by mode switch time                | 20 min.                             |
| Noise level in stand-by                            | 47,9 dB(A) Lwa RAL UZ 171 - ISO7779 |
| Noise level in copying                             | 66,5 dB(A) Lwa RAL UZ 171 - ISO7779 |
| Ozone emission                                     | Below detection Limit               |
| Benzene emission                                   | 0,006 mg/h RAL UZ 171               |
| Fine dust emission                                 | 0,56 mg/h RAL UZ 171                |
| Styrene emission                                   | 0,45 mg/h RAL UZ 171                |
| TVOC emission                                      | 6,5 mg/h RAL UZ 171                 |
